if your email id or password is wrong it will display accordingly. As shown in the diagram as follows:

Wrong password

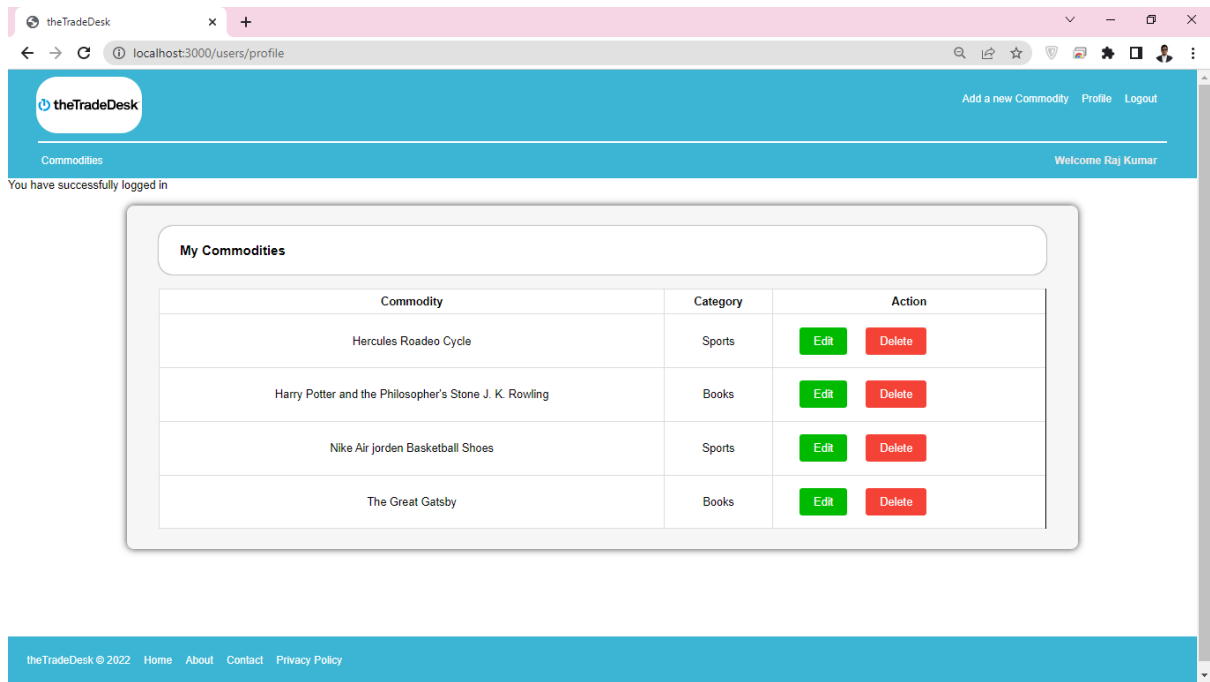

A light gray login form with a subtle shadow. It contains two white input fields. The first is labeled 'Email Address' and the second is labeled 'Password'. Below the password field is a green button with the text 'Login' in white.

Wrong email address

A light gray login form, identical to the one in the previous image, featuring 'Email Address' and 'Password' input fields and a green 'Login' button.

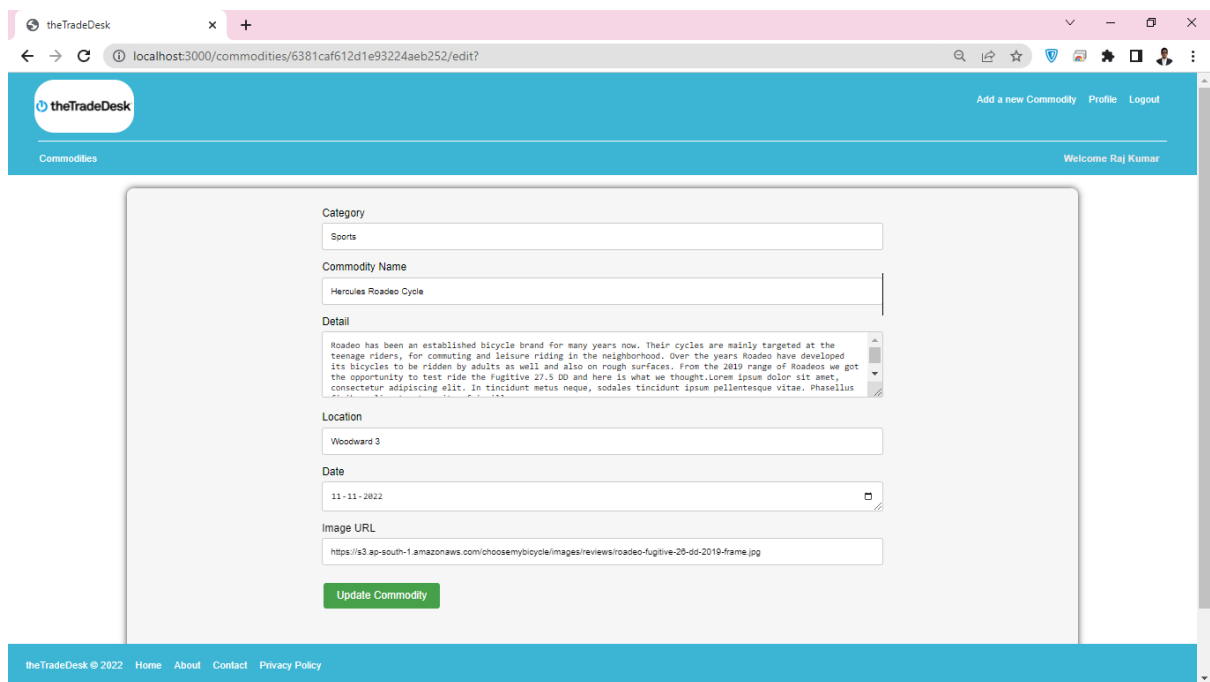

After Login:

After successful login, it will show all the trades placed by you, In the profile.

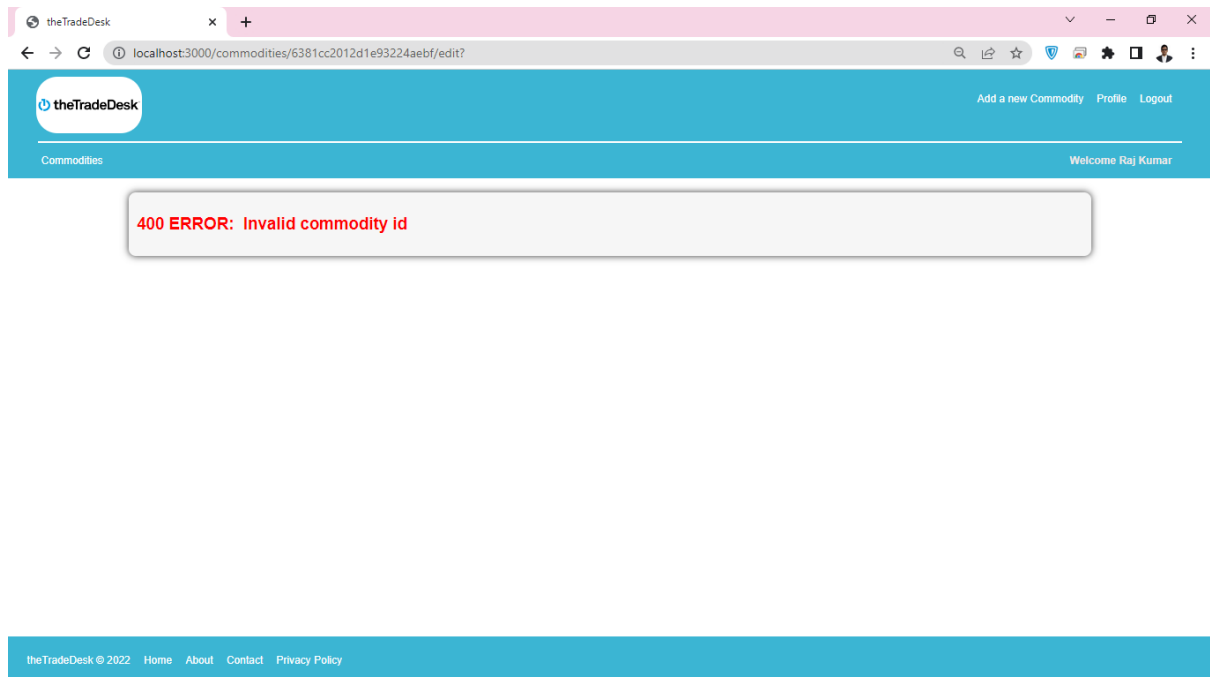

And here you can edit and delete them. And you are only allowed to edit your trade.

The editing page is shown as follows:

If you will try to edit someone else's data it will prompt you with 401 ERROR as follows:

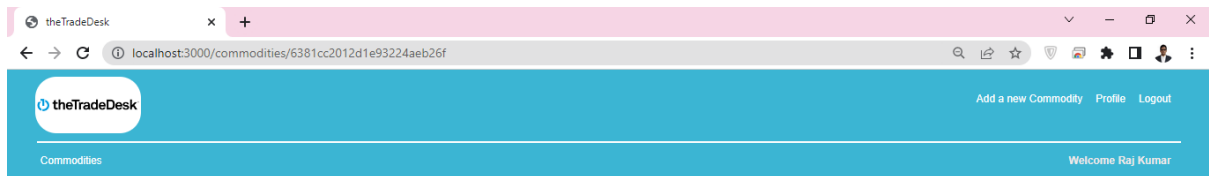

Also, At any point of the application you try to enter any invalid message id it will prompt you as follows: (using middleware)

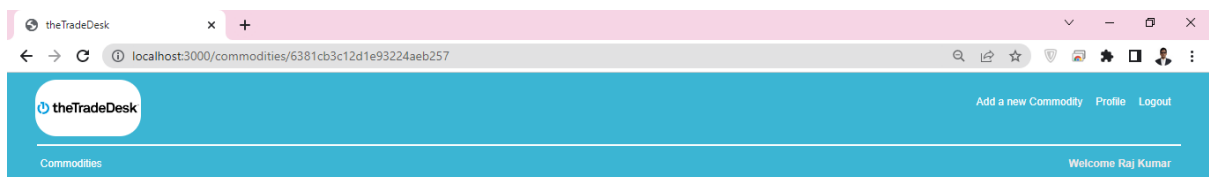

User-Defined Access:

You can only edit or delete your own commodity but you are allowed to view other's commodities:

As you can see in the following screenshot you can't see any edit or delete button,

But you can see those buttons in the next screenshot: because they are your own commodities

Adding Commodities:

You can navigate to the top right corner of the page “Add a Commodity” to add more commodities under your profile. And you need to enter the following details:

The screenshot shows a web browser window with the URL `localhost:3000/commodities/new`. The page has a blue header with the **theTradeDesk** logo on the left and links for [Add a new Commodity](#), [Profile](#), and [Logout](#) on the right. Below the header, a blue bar contains the word **Commodities** on the left and **Welcome Raj Kumar** on the right. The main content area is a light gray box containing a form with the following fields:

- Category**: A text input field with the placeholder text "Enter Category".
- Commodity Name**: A text input field with the placeholder text "Enter Commodity Name".
- Detail**: A larger text input field with the placeholder text "Enter details of commodity".
- Location**: A text input field with the placeholder text "Enter location".
- Date**: A date picker input field showing the format `dd-mm-yyyy`.
- Image URL**: A text input field with the placeholder text "Enter image url".

At the bottom of the form is a green button labeled **Make Trade**. The footer of the page is a blue bar with the text `theTradeDesk © 2022` followed by links for [Home](#), [About](#), [Contact](#), and [Privacy Policy](#).

And once you are done with the trading you can sign out. That will close your session.

And It will navigate to the starting page of the application.
